Smoking, Second-Hand Exposure, Nicotine Products (Patch, Gum, Nasal Spray)

Patients who are currently smoking tobacco products or use nicotine products such as patches, gum or nasal spray are at a greater risk for significant surgical complications of skin necrosis and delayed healing. Individuals exposed to second-hand smoke are also at potential risk for similar complication attributable to nicotine exposure. Additionally, smoking may have a significant negative effect on anesthesia and recovery from anesthesia, with coughing and possibly increased bleeding. Individuals who are not exposed to tobacco smoke or nicotine containing products have a significantly lower risk of this type of complication.

Please indicate your current status regarding the items below:

I am a non-smoker and do not use nicotine products. I understand the risk of second-hand smoke exposure causing surgical complications.

I am a smoker or use tobacco and nicotine products. I understand the risk of surgical complication due to smoking or the use of nicotine products. I have been informed that **I MUST NOT SMOKE, MUST NOT USE ANY NICOTINE PRODUCTS AND AVOID SECOND-HAND SMOKE 3 months prior to and 3 months after my surgery.** I understand that a nicotine test may be performed prior to my surgery. If positive, surgery will be cancelled and/or rescheduled.

I take Wellbutrin or Chantix.

I VERIFY THAT THE ABOVE INFORMATION IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE.

TMHPO Patient-Provider E-Mail Agreement

E-mail offers an easy and convenient way for patients and physicians to communicate. However, there are distinct differences between communicating via e-mail as opposed to calling or coming in to the office. Remember: there is no person on the other side of the email – just a computer. You cannot tell when your message will be read, or even if your doctor is in the office or on vacation. Nevertheless, we believe that the ease of communication e-mail affords is a benefit to patient care. Below are our rules for contacting us using e-mail.

- E-mail is **NEVER** appropriate for urgent or emergency problems. If you have an urgent or emergent problem, please call 911 or go to the closest Emergency Department for immediate treatment.
- E-mail is NOT confidential. My staff may read your e-mails to handle routine, non-clinical matters. Also, you should also know that if sending e-mails from work, your employer has a legal right to read your e-mail.
- E-mail is NOT a substitute for seeing me. If you think that you may need to be seen, please call and make an appointment.
- E-mail will become a part of your medical record; a copy will be placed in your chart.
- E-mail is great for asking those straight forward questions that do not require in depth discussion. Appropriate uses of e-mail include prescription refill requests, referral and appointment scheduling requests and billing/insurance questions.
- E-mails should NOT be used to communicate sensitive medical information.
- Please identify the nature of your request in the subject line of your message.

Finally, either one of us can revoke permission to use the e-mail system at any time.

I DO want to communicate with my physician electronically. I have read the above information and understand the limitations of security on information transmitted. I understand that my physician may not be able to communicate with me electronically about my specific condition if I live outside of the state in which my doctor is licensed.

Financial Policies

Please review and sign this document regarding our current office financial policies.

We ask that our patients please understand that the following policies are set forth by The Methodist Physician Organization and not the office, doctor or staff.

If you have any questions about financial or billing issues, please direct these to the insurance coordinator at 713-441-1667.

Patient Financial Responsibility

- Please bring your insurance card with you at the time of your appointment.
- Please notify our office if your insurance changes.
- Co-payments are collected at the time of your visit.
- If your insurance requires you to obtain a referral to see a specialist and you do not have one on the date of service, please be aware that your insurance company will hold you responsible for payment of services rendered.
- Please note you will be responsible for any co-insurance, deductibles or non-covered services not paid by your insurance.
- Your co-insurance (out of pocket) for surgical procedures must be paid in full 3 weeks prior to the date of surgery, otherwise we will need to reschedule your procedure.
- Houston Methodist Hospital will usually expect your deductible to be paid in full on the date of surgery, therefore, we suggest you contact your insurance company to find out the amount that your are responsible for inpatient or outpatient hospital charges.
- For patients who do not have insurance coverage, we will require that payment be made in full at the time of service or three weeks prior to any scheduled surgery.

I assign my insurance benefits be made on my behalf directly to Institute for Reconstructive Surgery for services rendered.

Office Policy for Insured Patients

Many insurance carriers require pre-certification of particular procedures. Within the same insurance company the plans differ depending upon what type of contract your employer has negotiated. We are more than willing to follow any and all necessary guidelines to ensure that your encounter with the Institute for Reconstructive Surgery is reimbursed properly, but you must inform us of those guidelines. If you do not inform us of any special requirements in your contract and we subsequently order services, such as lab work or hospitalization, that are not covered, we or the selected medical facility will have no choice but to bill you directly for those charges. Payment for those charges is then your responsibility. This will hold true for any Managed Care contract as well as any group/individual policies which may cover you and your dependents.

Please be advised that prior authorization or pre-determination is required prior to your scheduled surgical date. If your insurance does not provide authorization prior to the surgical date, your surgery may be postponed. Any non-covered services will be the patient's financial responsibility and payment will be required three weeks prior to the date of service.

With your cooperation and assistance, you should be able to receive all of the benefits offered to you. If you have any insurance related questions or concerns, please feel free to call our billing specialist at 713-441-1667.

I have read and understand the office policy stated above and agree to accept responsibility as described.

Insurance Coverage - Women's Health and Cancer Rights Act of 1998

On October 21, 1998, the Women's Health and Cancer Rights Act of 1998 became effective as part of the 1999 Omnibus consolidated and Emergency Supplemental Appropriation Act. This new federal law requires group health plans and individual health policies that provide coverage for mastectomies to also provide coverage for breast reconstruction in connection with such mastectomy. In accordance with the Women's Health and Cancer Rights Act of 1998, members receiving mastectomy-related services are entitled to the following benefits:

- Reconstruction of the breast on which the mastectomy has been performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prosthesis and treatment of physical complications at all stages of the mastectomy, including lymphedemas

ALDONA J. SPIEGEL, MD
PLASTIC SURGEON & BREAST DESIGNER

Dear Patient:

As you go through the reconstruction process for breast cancer, we want you to know that we are as interested in your emotional well-being as we are in your physical health. We offer a support group made up of women, just like yourself who have gone through what you may be experiencing. The group is called "Pink Sisters". The women who make up this group have experienced the same fear, uncertainty, isolation and resentment that you may experience. They have dedicated themselves to "be there" for you if you need extra support or just someone to talk with.

At any time you can call Ann Watkins, our Pink Sister Liaison, at 713-906-5415 or E-mail her at duwatann@aol.com, to find out when the next meeting is planned, or just to talk to another survivor like yourself.

So that you can talk personally with someone and get that extra support you may need, we have a "Match Me" system to connect you with a former patient who has the same diagnosis, has gone through the same procedure or even someone who may have a similar life situation. If you would like to be matched with a Pink Sister please complete the consent form, and return to the office or email to Robin King at Rking@houstonmethodist.org.

Sincerely,

A handwritten signature in black ink that reads "A Spiegel". The signature is written in a cursive, flowing style.

Aldona J. Spiegel, MD
